March

A Message to our Valued Readers

March (*verb*): stride, parade, pace, hike, trudge, process.
 To me it means; proceed with vigor and determination.

Thank you for allowing us to share our “Post” with you. As you might know, it takes a great deal of effort to put together a monthly newsletter. Our goal has always been to engage our readers and to implore them to get involved by bringing forward the most useful, interesting and accurate information to you as possible. Our talented volunteer writers and contributors are delighted to continue to reach those goals for our community.

We hit the ground running when we first collaborated on the “Post”. Now that is growing, we want to take this month to make improvements and present the newsletter with better timing. The next newsletter is set to be posted the first week of April. News has a shelf life and to stay current, this gives us an opportunity to meet with committee members so that we may better approach events past, present and future. We hope that this will be a better method of reporting and informing.

Thank you to the Chair, Editor, Writers and entire Communication Committee for your dedication, time and talents. And thank you to our readers; we wouldn’t have a Growth and Opportunity Post without you. We are committed to moving mountains with you.
